

March 16, 2023

To The Board of the Sullivan County Infrastructure
Local Development Corporation
Monticello, NY 12701

We have audited the financial statements of the Sullivan County Infrastructure Local Development Corporation, a component unit of Sullivan County, New York, for the year ended December 31, 2022, and have issued our report thereon dated March 16, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated November 16, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Sullivan County Infrastructure Local Development Corporation are described in Note 1 to the financial statements. The Corporation has implemented the following new standards issued by the Governmental Accounting Standards Board (GASB) for the year ended December 31, 2022:

GASB 87 – *Leases*

GASB 92 – *Omnibus 2020*

GASB 93 – *Replacement of Interbank Offered Rates*, except for the removal of LIBOR as an appropriate benchmark interest rate, which is effective for the year ending December 31, 2023.

GASB 97 – *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No.32*

We noted no transactions entered into by the Corporation during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most significant estimates affecting the financial statements were capital assets, accumulated depreciation and depreciation expense.

Infrastructure improvements are capitalized in the statement of net position and depreciated over their estimated useful lives in the statement of activities. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

Note 1 – Description of the Corporation and its intended purpose.

Note 2 – Disclosure of the Corporation's significant accounting policies.

Note 5 – Disclosure of the Corporation's capital assets.

Note 6 – Disclosure of the Corporation's outstanding liabilities.

Note 7 – Disclosure of the Corporation's most significant revenues.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

March 16, 2023

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. We did not note any material misstatements during the course of our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 16, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Corporation's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Corporation's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management's discussion and analysis, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

This information is intended solely for the use of the Board and management of the Sullivan County Infrastructure Local Development Corporation and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Cooper Arias, LLP
